A Letter to Aunt Sally

Dear Aunt Sally,

Hello! How are you? How's your holiday? I would like to tell you something about the school picnic we had last Friday. It was a warm and sunny day. It was a great time for us to enjoy a day out in Sai Kung with our teachers and schoolmates

 We ate a lot of yummy food such as chicken wings and  sausages. They were yummy. My classmates and I played a lot of interesting games together. We all felt happy. We took a lot of photos there.

I want to share one of the photos with you. In the photo, you can see Sam, Kate and Bessie. They are my good friends. Bessie is the girl who is standing next to Miss Choi. She is friendly. She has a lot of good friends at school. She played badminton with me. Sam is the boy with the sunglasses and the round face. We always help each other with our homework. I never quarrel with them. Bessie never shouts at us. I think Bessie and Sam are helpful because they always take care of others. Kate is the girl in the dress and with the curly hair. She is a nice girl. She never laughs at, or fights with others.

I enjoyed the school picnic very much. I hope I can go to Sai Kung again. I hope I can see you soon.

Yours,

Roy

How to be a Good Child in Public Places

Hello, my dear schoolmates. I am Lily Wong from Class 5B. Now, I want to tell you how to behave well in public places. I've found that many people behave badly in many places. They are inconsiderate. They don't respect others. I hope people will behave well so our places will be good to live in.

In this passage, I will write about two public places. One is about the restaurants. Another one is about the libraries.

In the restaurants, we should have good table manners and eating posture. The ideal way to eat is to hold your bowl and eat without bending over, with both

elbows off the table. If you want to order food, you need to speak politely to the waiter and wait patiently before the waiter comes to serve you. We shouldn't eat or drink quickly and noisily when we want to chat with each other while eating

I think most people are well-behaved at the restaurants because they just want to enjoy their food. Cooking is easy for some people but most people feel tired and don't want to spend a lot of time cooking. We understand cooking and serving people is not easy. So we should respect the waiters and have good behaviour in the restaurants.

Libraries are perfect environment that most people love to visit and stay in every day. Nowadays, students always do homework and revise with friends after school. Libraries are usually crowded.

Usually, the library is crowded with students. Most

students behave well in the library. They keep quiet and read books in the study room. However, some of them are naughty. They do not follow the library rules. They jump the queue when they are borrowing books. They shout at the librarians impolitely.

We should line up patiently for our turn to borrow books and talk with friends quietly in the library. We shouldn't jump the queue and shout at the librarians impolitely.

Libraries are interesting and amazing places. We can read different books and learn lots of knowledge there. We should follow the library rules. Books are our friends. Therefore, we must do our best to keep them clean and we should always be good children in public places.

Myself

Hello, I am Bosco. I am ten years old. I am a boy. I study in HHCKLA Buddhist Wisdom Primary School and I am in Class 5C. My class teacher is Miss Lee.

I live in Lo Wu. I live in a tall building. My home is big. There are three bedrooms, two living rooms, two toilets and a garden in it. There are six members in my family. They are my father, mother, grandma, grandpa, little brother and me. My little brother is silly. He always wants to make us laugh. He always does dangerous things. My dad is humorous. He always tells jokes to make us laugh. My mum is the most helpful person. She always helps me with my homework. I often help with the housework. I mop the floor and fold the clothes. I sometimes wash the dishes.

I like playing football at the weekend. It's good for my health.

I run every day to keep fit too. I like burgers the most because they're delicious. But I don't eat them more than once a week because they are unhealthy.

My favourite subject is Maths because I can train my brain through learning Maths. My favourite movie is Harry Potter and the Magic Stone. It's about a boy. His name is Harry Potter. He

wanted to get the magic stone but the Dark Lord wanted the magic stone too. Therefore, they had a fight. I think most Potter fans enjoy the film. When I watched the film, I felt scared because the film was quite violent and bloody. I want to be a football player because I like to play football.

This is something about myself. Do you want to know more about me?

A Plan for Keeping Fit

Hello, my name is Oliver. I am nine years old. I am overweight and spotty. I have a lot of bad habits and I do not have any friends. I feel lonely so I am going to change with a plan which is designed by my mother. Do you want to know it?

First, I am going to go on a diet. I am going to eat less sugary food, salty food and junk food. My mother tells me that they are bad for me. They contain a lot of sugar and salt. Therefore, I should not eat too many potato chips and French fries. Also, I should not eat too much chocolate.

On the other hand, I need to eat more meat and fish because they contain protein. I need to eat a lot of

vegetables and fruits.

They contain vitamins, minerals and fibre. My mother also tells me that I should eat enough grain products and dairy products. Grain products give me energy to run and jump. Dairy products contain a lot of protein so they are good for my teeth and bones.

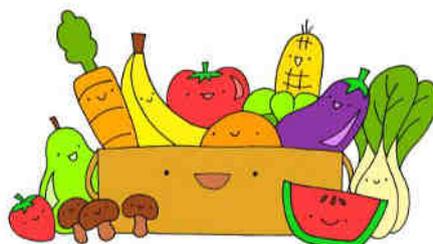

Moreover, I am going to do more exercise such as swimming and running. I think I can go running every week. Doing sports can keep me fit. Although it is hard for me, I will try my best.

My mother also tells me that I need to have enough rest. I never have enough sleep because I stay up late at night. I am going to go to bed early from now on.

After carrying out the plan, I hope I will be fit and strong. I hope I will have good habits and I will have more friends.

How to be a good child in public places

Hello, my dear schoolmates. I am Aiken from Class 5E.

Now, I want to tell you how to be a good child in public places.

In the restaurant, we should talk politely to the waiters. We should say 'please' and 'thank you'. We should wait for a table patiently. We shouldn't jump the queue. We should talk to each other softly in the restaurant. We shouldn't talk to each other rudely too.

In the library, we should speak politely to the librarians. We shouldn't speak impolitely to them. We should read quietly in the library. Books are our friends so we should do our best to keep them clean. Therefore, we shouldn't eat or drink in the library. We should take turns when borrowing books. We shouldn't push in.

We should do our best to behave well in the public places. Therefore, you should follow my advice.
